

Situation Report 2

Rainfalls in North East India

Date: 04th June 2025

Time: 10:00 AM

SITUATION UPDATE

Assam:

- The flood situation in Assam has worsened considerably, with six more deaths reported on Tuesday, bringing the total number of fatalities due to floods and landslides this year to 17. The crisis has now affected over 6.33 lakh people across 21 districts, marking one of the most severe flood episodes in the state this year.
- The worst-affected district is Sribhum, where 2,31,536 people have been impacted, followed by Nagaon (99,819 people affected), Cachar (89,344), and Lakhimpur (43,651). In total, 1,506 villages spread across 69 revenue circles are currently inundated. The disaster has forced large-scale displacement, with over 2.57 lakh people seeking shelter either in 223 operational relief camps or at 288 relief distribution centres, which are also supplying food and essential items.
- The impact on agriculture has been severe, with 14,739 hectares of cropland submerged under floodwaters, leading to significant losses for farming communities. Infrastructure across the state has also suffered major damage, with 1,187 houses reported damaged—159 of them fully destroyed. The floods have breached two embankments, damaged three others, and disrupted key road, rail, and ferry services in several regions.
- Rivers across Assam remain dangerously swollen. Seven major rivers, including the Brahmaputra, are flowing above the danger level at several points. The Katakhal River has crossed its highest recorded flood level at Matizuri in Hailakandi district, exacerbating the crisis.
- Urban areas have not been spared. Kamrup district has witnessed flooding in at least seven municipal wards, including Srinathpatty, Murgipatty, and Santinagar, where water has entered homes and disrupted daily life. Relief distribution is actively underway in urban centres such as Guwahati and Dispur, with efforts being coordinated through local ward councillors to reach those affected.
- The floods have also had a substantial impact on livestock. An estimated 4,94,132 animals have been affected, including 1,62,600 large animals, and 151 animals have been washed away by the floodwaters.

Mizoram:

- The state has recorded a staggering 598 landslides, the highest reported in the region so far affected 11 villages in 04 districts.
- A total of 171 houses have been damaged, while 244 houses had to be vacated due to structural risks. 119 families have been evacuated from flood-affected areas. The disaster has so far resulted in five casualties, and more than 500 people have been directly affected.
- The worst-affected districts include Khawzawl, Hnahthial, and Serchhip, where damage to infrastructure and disruptions to daily life remain severe.

Statistical Overview

District Affected:

- Arunachal Pradesh: 10
- Assam: 21
- Mizoram: 04
- Manipur: 09
- Meghalaya: 06
- Tripura: 05
- Sikkim: 04
- Nagaland: 03

Population Affected:

- Arunachal Pradesh: 2,231 (Last 24 hour)
- Assam: 6.33 Lakh
- Mizoram: 500+
- Manipur: 1,64,879
- Meghalaya: 1462
- Tripura: 11,233
- Sikkim: 11,000
- Nagaland: 29

No. of Casualties:

- Arunachal Pradesh: 12
- Assam: 17
- Mizoram: 05
- Manipur: 01
- Meghalaya: 07
- Tripura: 01
- Sikkim: 05
- Nagaland: 02

Houses Damaged:

- Arunachal Pradesh: 312
- Assam: 1187
- Mizoram: 171
- Manipur: 35,193
- Sikkim: 19
- Tripura: 27
- Nagaland: 04

Manipur

- A total of 1,64,879 people across 643 villages have been affected by the recent floods and landslides.
- The state has reported one casualty and four injuries so far. The most affected districts include Imphal East, Imphal West, Bishnupur, Senapati, Kangpokpi, Ukhrul, Pherzawl, Tamenglong, and Noney.
- A preliminary damage assessment indicates widespread devastation. Imphal East has been the worst hit, with over 4,000 homes affected, followed by Imphal West, where more than 3,000 homes have sustained damage. In Senapati district, around 1,440 houses have been affected, along with the destruction of seven bridges and three pipelines, severely disrupting connectivity and essential services across the region.
- In total, 35,193 houses have been reported damaged across the state, and 3,917 people have been evacuated to safer locations.
- To support the displaced, 81 relief camps have been established, sheltering approximately 3,076 inmates, in addition to four medical relief camps currently operational.
- The state has also reported 102 landslides and damage to 52 critical infrastructure points due to the torrential rainfall.

Arunachal Pradesh:

- In Arunachal Pradesh, 10 districts continue to reel under the aftermath of heavy rainfall, with 2,231 people affected in the last 24 hours alone. The total number of casualties has risen to 12, with two persons reported missing and four injured.
- The ongoing disaster has caused widespread damage to infrastructure across the state. As per reports, 51 roads, 17 power lines, 6 bridges, 23 power supply stations, 5 government buildings, and 2 hydroelectric power projects have sustained significant damage. Additionally, 312 houses and huts have been damaged, and 425 animals have been affected.
- All three relief camps previously established in the state have now been dispersed, and no individuals are currently staying in camps, indicating a shift from immediate response to recovery and rehabilitation efforts.

Sikkim:

- In Sikkim, at least three people lost their lives and six security personnel went missing after a landslide struck a military camp at Chhaten in the northern part of the state.
- So far, approximately 11,000 people have been affected in 122 villages, and the disaster has caused damage to 19 houses and 04 bridges across various locations.
- The state has been battered by relentless rainfall over the past few days, leading to widespread disruptions. Around 1,500 tourists were stranded, with evacuation efforts delayed due to a landslide at Shipgyer in Upper Dzongu. However, rescue operations resumed on Monday as conditions slightly improved.
- In a separate tragic incident, one person died, two were injured, and eight others went missing after a vehicle carrying 11 tourists plunged into the Teesta River in Mangan district.

Meghalaya:

- According to reports from the State Emergency Operations Centre (SEOC) in Meghalaya, 12 districts have been affected by the ongoing floods.
- The impacted districts include East Khasi Hills, West Khasi Hills, Eastern West Khasi Hills, South West Khasi Hills, Ri-Bhoi, East Garo Hills, West Garo Hills, North Garo Hills, South Garo Hills, South West Garo Hills, East Jaintia Hills, and West Jaintia Hills.
- Although no new rainfall has been reported in any of the districts, the weather remains cloudy. So far, seven fatalities have been confirmed due to the disaster. The causes include three deaths by drowning, one due to a landslide, two from lightning strikes, and one individual who died after being struck by an uprooted tree.
- The floods have affected 156 villages, impacting a total population of 1,462 people.

Tripura:

- Five districts in Tripura — North Tripura, Unakoti, West Tripura, Gomati Tripura, and Khowai — have been affected by floods. As of today, no new rainfall has been reported in any of the affected districts, and the weather remains clear.
- The floods have resulted in the damage of 27 houses, including 3 that have been completely destroyed and 24 partially damaged. The disaster has caused significant displacement, with 11,233 people currently residing in relief camps.

Agricultural Damage (in hect)

- Arunachal Pradesh: 37
- Assam: 14,739
- Manipur: 82.79
- Nagaland: 03

Injured:

- Sikkim: 02

Relief Camp:

- Assam: 223
- Manipur: 81
- Tripura: 70

Camp Residents:

- Assam: 39,746
- Manipur: 3,076
- Tripura: Approx. 11, 233

Livestock Affected:

- Arunachal Pradesh: 425
- Assam: 4,94,132

Nagaland:

- According to the State Emergency Operations Centre (SEOC) in Nagaland, three districts — Chümoukedima, Shamator, and Tuensang — have been affected by the ongoing disaster.
- In Chümoukedima district, two fatalities have been reported so far. The calamity has caused significant disruption to infrastructure, with three roads blocked and four houses or huts damaged.
- Additionally, three acres of maize crops have been destroyed, affecting local agriculture and livelihoods

Government Response

Assam:

- Relief materials such as baby diapers, drinking water tanks, and boats have been distributed by state government across various locations, including Dibrugarh, Hojai, Tinsukia, and Morigaon.
- The central government reviewed the disaster situation in Assam, Sikkim, Arunachal Pradesh, and Manipur in consultation with state leadership.
- The state government announced an ex-gratia of ₹4 lakh each for the families of five people who died in recent landslides in Guwahati.

Manipur:

- Medical services have been mobilized across all affected sites, while the Public Health Engineering Department (PHED) is working to ensure uninterrupted supply of drinking and domestic water.
- The Public Works Department (PWD) is actively involved in repairing damaged roads and breached sections caused by floodwaters.
- Response efforts have been significantly bolstered by the deployment of national and state disaster response teams. The National Disaster Response Force (NDRF) has deployed 45 personnel and four boats, while eight teams from the State Disaster Response Force (SDRF), comprising 165 personnel, are engaged in intensive rescue and relief operations.
- Six teams from the Fire Services, with 61 personnel and five boats, are also on the ground.
- Additionally, 175 personnel from the Indian Reserve Battalion (IRB), Home Guards, and Manipur Rifles have been mobilized to assist in ongoing efforts. The Indian Army and Assam Rifles have also joined operations across several flood-affected zones, providing crucial evacuation and logistical support..

Tripura:

- In response, the administration has established 70 relief camps to provide shelter and essential services to the affected population.
- Additionally, three teams of the National Disaster Response Force (NDRF) have been deployed to support rescue and relief operations across the impacted areas

Mizoram:

- The government has advised all officials and visitors to postpone any planned travel to the state until June 13, owing to the ongoing relief and rehabilitation efforts following widespread damage caused by heavy rains and landslides.
- Authorities continue to carry out rescue, relief, and recovery operations in the affected regions. 01 team of NDRF is deployed in state for relief and recovery efforts

Villagers shifting their paddy to a safe place as their house is submerged by flood waters in Nagaon district of Assam on Monday, 02 June 2025 (The Hindu)

Sikkim

- In response to the escalating situation in North Sikkim, two V-5 helicopters landed at Pakyong Greenfield Airport, carrying teams from the National Disaster Response Force (NDRF). These units are equipped with satellite phones and critical emergency gear to assist in rescue and relief operations.
- To coordinate the response, the Chief Secretary of Sikkim chaired a high-level meeting on 2nd June at the Tashiling Secretariat to review the disaster situation in Mangan district, which has been severely impacted by continuous rainfall, landslides, and major disruptions to connectivity and infrastructure.

Nagaland:

- To support rescue and relief efforts, two teams of the National Disaster Response Force (NDRF) have been deployed. Operations are actively ongoing, with the NDRF, State Disaster Response Force (SDRF), local police, and the district administration working together to mitigate the impact and provide assistance to affected communities.

Meghalaya:

- In response to the disaster, one team from the National Disaster Response Force (NDRF) has been deployed to carry out rescue and relief operations. These efforts are being actively supported by the State Disaster Response Force (SDRF), local police, and the district administration, and are ongoing across the affected regions.
- With the improvement in weather condition, the order of closure of tourist spot in West jaintia hill district is rescinded on 03rd June

Humanitarian Response

- IAG Assam convened a meeting with its members and decided to activate the Unified Response Strategy (URS) to streamline relief efforts and avoid duplication. A follow-up meeting is scheduled for the coming week to discuss the initiation of a Joint Rapid Needs Assessment (JRNA).
- Sphere India facilitated an Inter-Agency Coordination (IAC) Committee meeting on 2nd June with participating ground-level NGOs and state IAG representatives to assess the situation across the Northeast. The meeting reaffirmed the activation of the URS and agreed to circulate updated situation reports (sitreps) from government sources and IAGs at one-day intervals. Additionally, Sphere India committed to supporting State IAG Manipur by identifying potential donors, CSR partners, and member organisations to provide evacuation materials and essential aid.
- Humanitarian Aid International: Supporting evacuation efforts, providing urgent relief, and setting up temporary shelters. Their teams are also reaching remote tribal villages with essential aid.
- Swastikam NGO, Guwahati (Assam): Collaborating with CSR partners to distribute dry ration kits, cooked meals, clean drinking water, and medicines. They are also providing nutritional food, clothes, sanitary supplies, tarpaulins, blankets, and temporary shelter.
- Global Hindu Heritage Foundation & Dharma Jagruthi Foundation: Actively engaged in flood relief operations in Silchar and Cachar districts of Assam. Providing humanitarian support and basic needs to affected communities.
- In Manipur, the Coordinating Committee on Manipur Integrity (COCOMI) has initiated a comprehensive humanitarian response. Volunteers have been mobilised, and a flood relief helpline has been set up at Khurai Lamlong Keithel. COCOMI has called for transparency in relief distribution, a time-bound rehabilitation roadmap, and the creation of a permanent disaster response force. The committee also recommends decentralised emergency units, better flood control systems, digital tracking of aid, and regular public audits to ensure accountability and efficiency in disaster management.
- Arambai Tenggol (Manipur): Volunteers are conducting rescue operations using boats, delivering food supplies, and assisting stranded families in the worst-hit areas.
